ENERGY INNOVATION FOR LIFE

SANEDI, PO Box 9935, Sandton, 2146

A: CEF HOUSE, Block C, Upper Grayston Office Park, 152 Ann Crescent, Strathavon, Sandton, 2146

T: +27 [11] 038 4300 E: [information@sanedi.org.za](mailto:information@sanedi.org.za) W: [www.sanedi.org.za](http://www.sanedi.org.za)

Our objective is to foster connectivity and collaboration within the renewable energy sector through information dissemination regarding technology, business, and policy operating within the energy industry. Through this questionnaire, we aim to formulate a comprehensive database of various renewable energy aspects spanning diverse technologies and functions.

By aggregating data on companies and technologies involved in renewable energy, including suppliers, developers, trainers, consultants, and more, SANEDI aims to promote networking and partnership opportunities. This database will serve as a valuable asset for businesses and organisations seeking to engage with suppliers, customers, and partners within the renewable energy sector.

SANEDI envisions nurturing a dynamic and interconnected renewable energy ecosystem in South Africa, driving forward innovation, sustainability, and economic growth. Your participation in this survey is instrumental in realising this vision, as it enables us to establish a centralised platform for collaboration and knowledge sharing in the renewable energy industry. Together, let us illuminate the path towards a brighter, greener future for South Africa.
